

Workshop

on single fiber testing and modeling

November 4-5, 2009 (Stockholm, Sweden)

COST Action FP0802 in cooperation with the Paper Mechanics Cluster at Innventia (formerly STFI-Packforsk) is pleased to announce the Workshop on single fiber testing and modeling to be held on November 4-5, 2009, Stockholm, Sweden.

The objective of the workshop is to collect knowledge and identify the state-of-the-art and future research directions in micromechanical testing and modeling of wood and pulp fibers as well as other natural fibers.

Scientific Program

The first day of the workshop will be dedicated to invited presentations from distinguished scientists in the field.

Preliminary list of speakers:

Michaela Eder (MPI Golm, Germany)

Kristofer Gamstedt (KTH, Sweden)

T. Christian Gasser (KTH, Sweden)

Notburga Gierlinger (JKU Linz, Austria)

Joanna Hornatovska (Innventia, Sweden)

Bo Madsen (RISO-DTU, Denmark)

Parviz Navi (BFH Bern, Switzerland)

Lennart Salmen (Innventia, Sweden)

Robert Schennach (TU Graz, Austria)

On the second day of the workshop short oral and poster presentations will be given covering research activities related to the topic of the workshop in all three working groups of the COST Action and in the Paper Mechanics Cluster. Plenty of time will be reserved for discussions.

Call for Abstracts

Interested scientists are invited to submit abstracts (max. one page) by October 5, 2009 to Veronica Sundling (veronica.sundling@innventia.com). The abstract template can be downloaded from the Action's webpage at <http://COST-FP0802.tuwien.ac.at>

Workshop venue & accommodation

Information on the workshop venue and accommodation will be available at the Action's webpage by September 10, 2009.

Local Organizer

Scientific matters

Petri Mäkelä (Innventia, Sweden, petri.makela@innventia.com)

Lennart Salmen (Innventia, Sweden, lennart.salmen@innventia.com)

Organisational matters

Veronica Sundling (Innventia, Sweden, veronica.sundling@innventia.com)
